

King Street Artworks

Women's Day Policy

King Street Artworks has always recognized that there is a need in the community for a *Women Only* day.

Friday has traditionally been a women's only day at King Street Artworks since our establishment in 1997.

Generally entry to King Street Artworks on a Friday will be granted only to-

- Women.
- Pre op or post op transgender people identifying as women, and fitting into the female culture of women's day will also be welcomed.
- Children*
- Male Children to the age of 12*

Men will only be given access to King St. on rare occasions if-

- Permission is sought from the artists on women's day and it's a special occasion (eg. a farewell.)
- They're a tradesman needed to complete urgent work that may be a hazard if left.
